

V CORPS

Our Soldiers' Priorities

Fight and Win. Provide expert command and control of Army, Joint, or Combined formations to prevail in Multi-domain and Large Scale Combat operations.

Invest in People. Place our People first (Soldiers, Airmen, Civilians, and Families) so we are ready for any mission and possess the Esprit de Corps of a premier warfighting team.

Forward Mindset. Support and sustain our forward posture and mission requirements in Europe. We exist to serve and enable our higher, lower, and adjacent echelons.

Teamwork. Strengthen alliances, extend rapport, build dependable networks, and improve interoperability with interagency, EUROM, NATO, Allies, and Partners to realize our full warfighting potential.

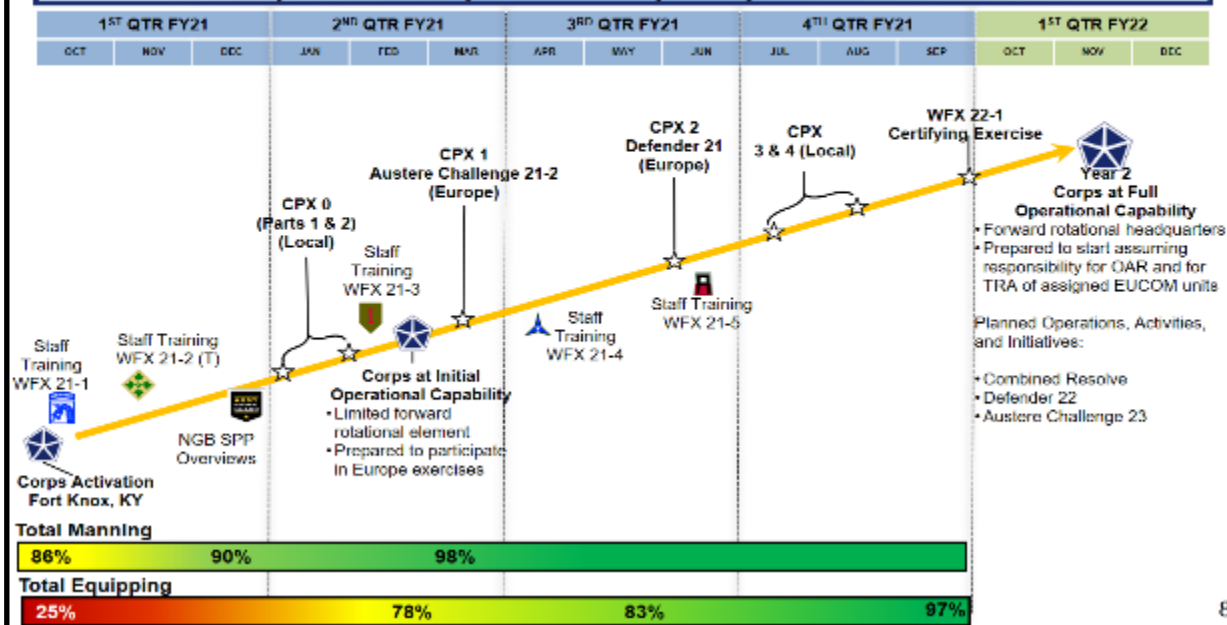

Holistic Leadership

Holistic Leader Development. Foster an adaptive leader culture that promotes learning and agility through tough and realistic training and exercises and keeps our team ahead of our adversaries.

Throughout FY21, V Corps builds capacity and capability while training to certify as a Corps Headquarters during Warfighter 22-1. The Corps is at full operational capability as of November 2021.

Our Mission

Mission: In year 1, V Corps organizes, prepares, develops strategic understanding, establishes an enduring rotational HQ capability in Poland, and builds capability and capacity to shape, deter, fight, and win in Europe.

On order, V Corps, alongside Allies and Partners, competes forward in Europe to promote interoperability, counter malign influence, and deter aggression. When directed, commands and controls Army, Joint, and Combined forces in response to crisis or, should conflict occur, fights and wins in large scale combat operations.

V Corps Command Group

Commanding General: LTG John S. Kolasheski

Deputy Commanding General: MG Terrence J. McKenrick

Command Sergeant Major: CSM Bill D. Webb
